Tuition Management

Saint James partners with FACTS Tuition Management to bill and collect tuition and fees. Families choose a payment plan when creating an online FACTS agreement. Only cash payments are accepted at the school.

One, four, ten, and twelve month payment plans are available through FACTS, with all plans requiring an initial payment in June. FACTS also offers families several tuition payment methods, including monthly automatic bank account deduction, monthly automatic credit card deduction, and payments by mail, phone and on-line. Families receive monthly statements and email reminders prior to their payment due dates.

Families pay full tuition for their oldest child and then receive a 10 percent tuition discount for their younger children. The Saint James School Board of Trustees sets tuition rates annually.

Financial Assistance & Scholarships

Parents seeking need-based financial assistance apply through the School and Student Service for Financial Aid (SSS) program. SSS is a national independent school service that establishes a family's ability to pay for educational expenses based on data confidentially submitted by parents. SSS provides no funds to Saint James or to its financial assistance applicants. All funds to support financial aid are generated through the Saint James School budget and through contributions to the school. Financial assistance decisions are based on established policies and available funds. To be evaluated for assistance, a student must first complete the admissions process. Financial assistance applications, instructions, and deadlines are available at STJweb.org/financial-assistance. There are also **Odyssey Scholarships** (division level scholarships) available for current and new students at Saint James School. Please visit STJweb.org/scholarships for complete details.

Tuition Refund Insurance

The Saint James School enrollment contract includes an unconditional obligation to pay tuition for the full academic year unless the student is withdrawn, in writing, prior to June 1, 2018. If a student is withdrawn for any reason after this date, tuition for the entire year is immediately due and payable on the date of withdrawal. For this reason, Saint James School offers all families an opportunity to participate in the Tuition Refund Plan with Dewar Insurance. This plan is an insurance policy that reduces the financial impact of withdrawal if the student attends Saint James for at least 14 consecutive calendar days in the school year. A brochure for this plan is provided with the enrollment contract.

Tuition Financing

Parents are increasingly turning to student loans to enable their children to experience the benefits of an outstanding independent school education. Saint James School has partnered with Your Tuition Solution which offers the education loan families have turned to at over 2,400 private K-12 schools nationwide.
